Communications Corporation (Qwest), U-5335-C and its wholly owned subsidiary, LCI International Telecommunications Corporation, doing business as Qwest Communications Services (LCIT), U-5270-C to determine whether Qwest and LCIT have violated the laws, rules and regulations governing the manner in which California consumers are switched from one long distance carrier to another and billed for long distance telephone services; **Presiding Officer's Decision**

This decision finds that Qwest Communications Corporation and its wholly-owned subsidiary, LCI International Telecommunications Corporation (Qwest) violated Pub. Util. Code § 2889.5 and § 2890, as well as other statutes, in the course of their marketing activities, and that sanctions are warranted for these violations. Primarily in 1999 and 2000, Qwest failed to adequately supervise its sales agents so that the agents switched thousands of customers' long distance telephone service without their permission in violation of § 2889.5. In some cases, the third-party verification tapes or letters of authorization confirming the switches were falsified, and Qwest failed to retain third-party verification tapes and make them available to the customer and the Commission. Qwest also violated § 2890 by placing unauthorized charges on thousands of customers' telephone bills. This decision orders a \$ 38,265,500 fine, reparations, and various sanctions to ensure future compliance with § 2889.5 and § 2890.
